

Effective October 26, 2026, Bear Dance will ONLY be offering 16 Holes of Play as we will be conducting renovation projects on 2 green complexes. These holes will be entirely shut down and ALL players MUST skip holes #12 & #13. All green fee rates have been reduced to reflect the inconvenience of a 16 Hole experience. In addition, Elk Fences have been installed around all green complexes, and we will also be Cart Path Only with no exceptions.

We greatly appreciate your understanding during this course improvement!
